Health and Disability Expo 9-10 March 2012 ASB Showgrounds

## **Important update: Expo date changed to 9-10 March 2012**

The Big Event Expo committee took the decision today (Thursday 12 August) to postpone the Big Event Health & Disability Expo to **Friday-Saturday 9-10 March 2012**.

**This decision was not taken lightly and we apologise for any inconvenience this may cause.**

A variety of factors beyond our control have led us to this decision.

The date change will, however, allow more time for exhibitors and sponsors to get onboard with what will be **New Zealand's largest-ever health and disability expo** and also allow us to engage in a more substantial promotional programme.

We're truly delighted with the uptake of stands to date and we're also very grateful to all exhibitors who've offered sponsorship.

The ADPN will contact all current exhibitors and sponsors over the next week to discuss the date change.

We thank you all for joining us in The Big Event Health and Disability Expo and look forward to promoting your organisations, products and services at what will be a truly inclusive, unique and person-centred event.
